

ENVIRONMENTAL OBJECTIVES FOR 2024

The management of **ANALCO AUXILIAR DEL CALZADO S.A.U**, in its desire for continuous improvement from an environmental perspective, plans to achieve the following objectives through its Environmental Management System:

OBJECTIVE 1-

Reduce electrical consumption by 5% in the new offices by replacing the current lighting with low-consumption throughout the rest of the facility.

OBJECTIVE 2-

Decrease Analco's carbon footprint by 3-5% each year from 2023 until reaching full decarbonization.

OBJECTIVE 3-

Enhance environmental control of our manufacturing suppliers by conducting one quarterly audit for each manufacturing supplier.
